Karen, this is really your call. We will be faced with making a judgment whether to award fully or withhold 30% in July. The State needs to make a call whether they will be able to demonstrate between now and then how they will address the CZARA gaps. We will make our decision based on that demonstration.

Subject: 319 grant application

Hi Christine – please let us know what you find out from your grants folks about whether we should hold off on submitting our application. We would be submitting it within the next few weeks unless you advise that we hold off until a decision is made about a potential penalty. Thanks!

Karen
